

NAFPLIA PALACE

Hotel & Villas

ANCIENT HISTORY – MODERN LUXURY

The sumptuous Nafplia Palace Hotel stands atop the third century BC acropolis of Akronafplia in splendid isolation. Thirty three hotel villas have been lovingly and luxuriously re-modelled with breathtaking beauty high over the rooftops of the delightful city of Nafplion.

Each villa is unique. Designed with fastidious detailing from the bathroom to the bed-linen. All the villas have private pools and terraces while other rooms have exclusive use of an infinity pool flowing, it would appear, into the sea.

The Nafplia Palace Hotel and Villas is a stunning place to stay. A unique destination for an unforgettable memory.
